LI HUNG CHANG LIVES.

He Is Making Good Progress Toward Recovery.

THE BULLET NOT YET EXTRACTED

It Is Imbedded in His Cheek Three Centimeters Deep-The Would-Be Assassin Reported to Be a Lunatic With a Criminal Record-Latest Movements of the

SHIMONOSEKI, March 26.-Li Hung Chang is making good progress toward recovery from the effects of the bullet wound in his face inflicted Sunday by Rokunosuki. The wound has developed no serious symptoms.

Surgeons Sato and Ishiguro are attending Li Hung Chang by imperial command. Li objects to the extraction of the bullet, which lies a centimeter under his left eye. The wound is three centimeters deep. Li sleeps well. The Empress of Japan has sent two nurses to attend him. Letters and telegrams corressing regret and sympathy are expressing regret and sympathy are pouring in from all directions.

The would-be assassin is reported to be a lunatic. He has a criminal record, and has served a term of imprisonment.

EFFECTS OF THE ASSAULT. Opinions of the Affair as Gathered From Officials in Washington.

Washington, March 26 .- Information coming to the Chinese legation is to the effect that Li Hung Chang's wound is not dangerons, except as complications may develop. It is in the fleshy part of the face, but fortunately no part of the skull has been fractured or any vital organs reached. Prince Li's advanced age and several constitutional disorders, which make him almost an invalid, however, may aggravate another wise harmless wound. On his arrival at Shimonoseki, Li was too sick to leave the ship which brought him. He had to be carried about, this being a necessity in his case, as well as an honor due his rank.

officials of the Japanese legation say the offender will probably be charged with treason, as the assault is not only against the person of Li Hung Chang, but also against the Japanese government. It is probable, also, that the trial will be by courtmartial, if the martial law existing at Hiposhima has been tial law existing at Hiroshima has been extended to Shimonoseki. Conviction by courtmartial would mean that the of fender would be shot, while hanging would be the penalty if a civil court convicted him, that form of capital punishment having been substituted for decapitation in Japan.

In this connection officials say the "Lord High Executioner," of "Mikado" had an existence in fact

Mrs. John W. Foster, wife of the exsecretary of state, who accompanies Li Hung Chang in an advisory capacity, has not heard from her husband concerning the shooting. She regards this as favorable, as he assured her he would use the cable freely. Mr. Foster's last letters came from Shanghai prior to joining Li at Tien-Tsin. Apparently Mr. Foster regards a peaceful settlement as sure to come. The letters speak of the care the Japanese government took to prevent a popular outbreak when the first peace commission met at Kobe. So fearful was the government that the anti-peace feeling might bring out some shooting, such as that which has occurred to Li, that all school teachers were directed to teach Japanese children that it was a necessary feature to civilization to accord every respect to foreigners.

Diplomats here are inclined to believe that the entire peace negotiations possibly may be broken off by the assault on Li, by affording a pretext for European intervention. Li, himself, however, will prevent a failure of peace negotiations if it be possible for him to do so, as the empress dowager has so impressed upon him the necessity of returning to China with a peace settlement, that failure, it is asserted, will be followed by his committing suicide.

Officials there regard it as settled that Russia and Japan have reached an understanding by which the former will extend her territory southward from Vladivostok, thus securing a Pacific harbor open the year round. This has been an acquisition Rassia has long sought, as it gives an eastern ocean outlet to the great Siberian railroad. The undertaking is regarded as so definite and settled that those diplomats here who are most concerned with the subject say Japan is now assured of Russia's support urging heavy concessions will die. Wells has fled. from China.

FOREIGN DIAMOND CUTTERS.

There Is Still Some Hope That They Can Land in the United States.

NEW YORK, March 26 .- The 61 diamond cutters who came over on the White Star line steamer Majestic Last week and were barred as paupers liable to become public charges, have statt a chance to land in the United States. There are 127 in the lot, but none can be proved contract laborers, which the Ellis island authorities believe is the case. The 61, however, not being provided with sufficient funds to satisfy the board of special inquiry, were held and ordered deported.

Manager Cortis of the White Star line went to Ellis island yesterday and held a conference with Commissioner Senner relative to the deportation of the men which will take place Weinesday next unless the decision is reversed. Mr. Cortis stated that the steamship company would furnish a bond that the men would not become public charges within a year. The legal bond in such cases is \$500, or \$30,500 for the entire number. Dr. Senner at once telegraphed the proposition to Secretary Carlisle and intimated that he favored their release as they were all robust and capable of earning a living in the country. A reply has not yet been received from the secretary.

The trial of Francis Van Reith, the diamond cutter who came with 12 others on the Westernland, and who made affidavit that all had come under contract for a firm, which evidence barred the lot, was begun yesterday. He was represented by Lawyers Howland of this city and James of Cincinnati. He now declares that he is worth \$100,000, and came over with a view to establishing a business in Cincinnati. He is said to be the most expert member of his trade living, and has cut the largest stone in the world. The trial is expected to consume several days.

THE REVOLVER WENT OFF Rough and Tumble Fight in the Chicago Stock Exchange.

CHICAGO, March 26.-W. H. Jennings, proprietor of the Equitable Produce and Stock Exchange at 151 Jackson street, and Horace Parker of Chicago came to blows yesterday on the to safely determine upon a line of policy trading floor of the exchange over a that will not lose for the United States deal which Parker had with the proprietor in wheat. Parker, during the scuffle, drew a revolver with the intention, as he says, of frightening Jennings. In the scuffle both men tell to the floor and the revolver was discharged. The bullet lodged in the wall and did not injure any one.

Officer Laughren heard the shot and rushed to the scene. He placed both men under arrest. Parker admitted having drawn a revolver, but said he did so to frighten Jennings. He said the discharge of the revolver was purely accidental. Jennings told the officer that the trouble arose over a deal in wheat which he was conducting for Parker. He said Parker came into the exchange yesterday afternoon and began abusing him and eventually struck

him in the face. Mr. Jennings said he tried to defend himself and both men clinched. He said he did not think the discharge of the revolver was intentional, as Parker could have used it before if he had so wished. He said that when they fell the revolver was discharged. Both men were locked up at the Harrison street police station. The exchange is in the Grand Pacific hotel and the report of the revolver created a lively panic for a few moments in the hotel office.

Importance of England's Demands of Nicaragua.

STATE OFFICIALS INTERESTED.

The State Department Is Deeply Concerned in This Matter and a Statement From Ambassador Bayard, Explaining the Purpose of Great Britain, Is Anxiously Looked For.

Washington, March 26.-Dr. Guzman, the Nicaraguan minister, was at the state department Monday and the inference is that he has been consulting Secretary Gresham respecting the British ultimatum. It is evident that the state department is deeply concerned in this matter and a statement from Ambassador Bayard, explaining the purpose of Great Britain, is anxiously looked for.

It is not believed that our government can object to the creation of a commission of fair complexion to ascertain and fix damages sustained by British subjects in Nicaragua, and the issue appears to have narrowed down to the demand of an indemnity of \$75,006 for the expulsion of Mr. Hatch, the British consular agent at Bluefields. It is felt here that owing to the depressed financial condition of Nicaragua, this is rather an exhorbitant demand, but aside from this there is already a disposition to examine into the matter further and ascertain whether the Nicaraguan government did not act entirely within its

rights in expelling the consular agent.
It was charged by the Nicaraguans that Hatch, who was not a diplomatic officer, and so could claim no exemption on that score, took an active part in the political turmoil at Eluefields, and did much to secure the overthrow of the Nicaraguan government in the town, and the reinstatement of Chief Clarence. If this were true, then under ordinary conditions there would be little doubt of the right of the Nicaragnan government to expel him from the

But the conditions in Bluefields at the time were not ordinary, for according to the British contention the Mosquito reservation was actually under a British protectorate up to the date of the Mosquito convention, which resolved upon the incorporation of their lands into Nicaragua, and that before this latter date the Nicaraguan government could not exercise any such right as that of expulsion or the oppresion of British subjects in the reservation, hence the demand in the case of Hatch is entirely different from any case on record, and it is felt at the state department that it will require the exercise of great caution the respect of the smaller republics and at the same time will not violate any of the principles of international law and

EVIDENCE OF A MURDER.

A Font Crime Has Probably Been Perpetrated in a Boxcar.

TOLEDO, March 26 .- What is taken to be evidence of a brutal murder was disgovered in a Baltimore and Ohio boxcar that reached here over the Michigan Central from Detroit Sunday morning. When the car was opened there was a pool of blood in the center, besides which were a number of bloody stones, which had been used as weapons, presumably upon the head of the unfortunate victim. The sides of the car and even the roof were bespattered with blood, and a bloody collar and necktie, near the scene of the struggle, had probably been wrenched from the throad of the victim during his struggles.

As nearly as could be judged from the marks and tracks inside the car, the victim had been assailed by two men. He had been thrown down and beaten within a few feet of the side door, and after being killed or reduced to insensibility, his body had been dragged to the door. Prints of bloody fingers showed that this had been opened and then the victim thrown out. The door had been closed from the inside, after which the two occupants of the car had made their exit by the opposite entrance.

Midnight Stabbing Affray. NEW YORK, March 26.—Patrick Nevins was fatally stabbed by John McCahill in the tenement in East Eighteenth street, occupied by Nevins and his family, at midnight. McCahill, who was a tenant of the same building, broke into Nevins' room, according to the story told by the wounded man and his wife. and without provocation attacked Nev ins with a knife, stabbing him in the abdomen and twice in the breast. Mc-Cahill is in custody.

No Trouble at New Orleans.

NEW ORLEANS, March 26.4-The negroes went to work on the levee yesterday morning without military protection. The soldiers are held in their armories in case of trouble. ridges are expected from Spain.'

BALTIMORE, March 26. - Captain Jamieson, of the steamer Earnford, which arrived last night from Santiago de Cuba, says of a recent report:

"I heard nothing of a sailor from the Laurestina being shot at Santiago, yet it is possible, for I know there were some seamen ashore drinking the very night I left. In fact I was challenged myself that night on my way to the Earnford, by a sentinel with his bayonet very close to me. My explanation was respected by the officer of the guard and I proceeded unmolested.

"It may be that the man who is reported to have been killed became pugilistic and received a shot. The Laurestina was to sail for Baltimore the day after we left. Everything was quiet about Santiago the last night I was in port, which was the 18th of Revolutionists were reported in small bands.'

CUBAN RALLY IN PHILADELPHIA. A Little Cuban Boy's Patriotism Starts a War Fund.

PHILADELPHIA, March 26.—Another enthusiastic Cuban rally was held in Industrial hall tast night. Marcos Morales, president of the Cuban society, presided, and sitting by him on the platform were Receiver of Taxes Roney and Coroner Ashbridge, the latter of whom made a brief speech. Other speakers were E. Trujillo, editor of The Parveno of New York, Estada Palma and H. S. Rubens. both of the same city.

At the close of the last speech Manuel Herrera Rossl, a boy of about 10 years, leaned to his feet and cried in Spanish: 'I am only a little Cuban boy, but I will give 10 cents for a bullet to down the tyrants. Every man ought to give a rifle.

He placed his dime on the platform, and in the course of a few minutes the sum had been increased to \$150.

Uprising in Havana Suppressed.

KEY WEST, March 26 .- A passenger from Havana, who has just arrived, says that only by prompt action Captain General Callaja narrowly averted a serious uprising in Havana. Since the imprisonment of Gomez, the negro leader, his sympathiters have been very much incensed and worked up a scheme to attack the palace. The time chosen for this attack was Friday night. The government learned of the impending trouble, however, and the captain general instructed his officers to use every possible precrution. The guards around the palace were doubled and a hundred soldiers were stationed inside. The city patrol was heavily increased. The negroes, hearing of these precautions, gave up the scheme. It is said that the plan was for the sole purpose of releasing Gomez

Two Cuban Revolutionists in New York. NEW YORK, March 26.—George Henriquez and Fernando A. Debeagas were passengers on board the Ward line steamer Orizaba which arrived from Havana yesterday. These gentlemen were reported as having been compelled to leave Cuba or take the consequences of Spanish law for supposed sympathy and support of the Cuban revolutionists. They are supposed to have a special purpose in visiting this city.

Hon. E. Kenton has bought 75,000 pounds of tobacco at an average price of 2 cents. He will probably buy 200,000 or 300,000 pounds at this price, and it is putting it low when we estimate her profits away up in the thousands. Mr. Kenton never borrows a dollar, having an abundance of his own, and has never been known to lose a cent on a purchase of tobacco. He is one of the very few buyers that has not been "frozen out" buy the tobacco sharks.

A VITAL QUESTION

Occupying the minds of women to-day is, "WHAT SHALL MY NEW GOWN BE?"

If you want the Latest, - buy a Crepon.

If you want Style, - - - buy a Crepon.

If you want Elegance, - - buy a Crepon. If you want Comfort. - - buy a Crepon.

This is the fabric that is storming the world of fashion. To day we open some of the latest novelties direct from the importers. Every well posted woman knows that CREPONS are leaders in the market The handsomest spring gowns are fashioned from them, and nothing makes a prettier skirt to wear with the silk waists now so popular. Delays are dangerous. These goods are scarce and sought for in every market. Make your selection before the choice is gone.

CHICKEN FIGHTING.

Another Main Occurred Last Night Somewhere Below Aberdeen. The Winne s.

Another chicken fight occurred last night.

Sports were present from Covington, Fern Leaf, Tuckahoe, Murphysville, this city and Aberdeen.

The Covington crowd got the worst of it. The fight, or rather the fights, occurred somewhere below Aberdeen. The steamer M. P. Wells took the crowd down, leaving here about, 9 o'clock.

The first fight of the evening was between a red cock from Covington and an Irish grey from Fern Leaf. The match was for \$75. The odds were in favor of Covington but the Fern Leaf rooster won. In the second main, Murphysville The dogs tracked him to his room. and Covington were matched for \$50, the former winning. The two birds were again matched, and Covington again lost.

Tuckahoe and Maysville were matched in the next contest. Maysville showed the only runner of the evening, and Tuckahoe pocketed \$25.

Fern Leaf next put up a blue chicken against a Cincinnati stag. This was a hard fight, but the Fern Leaf chicken won, \$50 changing hands.

Aberdeen aud Covington were pitted against each other in the next main, Aberdeen taking the money, \$25.

In the seventh match Aberdeen and Covington were again pitted against each other, and Covington took the only money she won during the evening, \$25.

The eighth match was between Maysville chickens, \$25 changing hands.

The Tuckahoe, Fern Leaf and Murphysville crowd pocketed most of the money.

The Lyceum Company.

The Lyceum Theatre Company presented "Queena" at the opera house last night and scored a hit.

It is safe to say that no better repertoire company has ever visited Mays-

Boss Andrew Forsyth, who though he played cases. the thankless part of "Clarence," easily showed he was capable of better things. Little Nellie must not be forgotten either as she delighted the audience with her acting and dancing.

To-night the company will be seen in "The Wages of Sin." Popular prices, 10, 20 and 30 cents.

On account of the Bloom concert tomorrow night, the Lyceum people will give no performance here on that night, but will be here on the remaining nights of the week.

Miss Cartwright, the Evangelist.

The M. E. Church was again crowded last evening to hear this earnest preacher of the gospel. Miss Cartwright took for her text Luke xi, 13, her subject being "Indifference." She thought indifference in spirtual matters was the greatest drawback the christian people of Maysville had to contend with, and she earnestly pleaded for all to get out of this mood at once. One person went to the altar for prayers, but a large number of others asked to be prayed for. Services at 2 p. m. and 7 p. m. to-day. You are invited.

MASON COUNTY ASSESSMENT.

Persons desiring to borrow money in The State Board of Equalization Thinks it is Not High Enough. The Raise

> The State Board of Equalization has decided that Mason County's assessment this year is not quite high enough when compared with the assessment of other counties, and thinks that an increase of 12 per cent on lands and personalty and 4 per cent on town lots would make the totals about right.

Judge Hutchins has received notice to this effect. He has also received notice that the Board will, on April 6th, hear any arguments the county wishes to make against the contemplated increase. He will appoint a committee in due time to go before the Board at Frankfort, and protest against any increase at all in the

The contemplated increase is not as heavy as the increase a year ago. The increase then was 16 per cent. on lands and personalty and 12 per cent. on town

No Telling What the Fire Loss at Kausas City, Kan, Was.

KANSAS CITY, March 26 .-- The exact amount of insurance on the Reid Brothers' Packing company's plant, destroyed by fire Sunday, and the apportionment among the various agencies could not be learned. William J. Reid stated that the property was insured for about 80 or 90 per cent of its value in various insurance agencies. Board companies, nonboard companies, the Lloyds and the Indemnity Fxchange were all interested. The largest amount was in board companies, or those that are rep-resented in the local board of underwriters

From another source it was learned that the company carried about \$200,000 in the Indemnity Exchange, a local organization made up of the packing house companies and a few big mercantile firms for their own protection. It is the first heavy loss that this company has been called on to stand and the regular companies are closely watching the effect. The method of handling insurance employed by the company was somewhat unusual.

Cincinnati Tobacco Market.

Furnished by the Cincinnati Leaf Tobacco Warehouse Company:

The offerings were sufficiently large to shut out one house on Wednesday and two on Thurs-The offerings were sufficiently large to shut out one house on Wednesday and two on Thursday, considering which fact the market held up remarkably well. In the early part of the week mediums of both old and new were lower than at the close on the previous Friday, but they soon regained all they lost and were ready sellers most of the time. Low grades held their own, and fine tobacco, as usual, commanded high prices. About one-fourth of the offerings are old, and the stocks of these goods are gradually going down, in fact they are lighter, perhaps, than they have been at this season during the last two or three vears. Notwithstanding, the manufacturers don't seem to be at all worried about getting a plentiful supply of them, and there is only an occasional spring in prices.

We note no change in the character of the new tobacco which is being sold, a very large part of which is brought to market by the planter, and the breaks are having at present quite an old fashioned appearance from the large number of farmers who accompany their crops to the city. An ordinary sized sale these days has about four or five times the usual number of owners. So far there have been comparatively very few purchases made in the country, and these few not for redrying purposes, but for immediate sale only. With careful selection and handling, such transactions have been fairly remunerative to the dealer and we feel that we can encourage our friends to continue in them.

Take

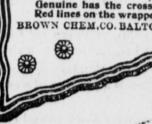

is the anxious question asked by those who are not feeling well-have no appetite-are out of sorts-have no energy-feel tired out. Perhaps you are feeling sick yourself!

Many medicines are recommended, doctors consulted-(in many cases) much money spent in this search for health -and yet it can all be avoided. Wise people commence at once taking

Brown's Iron Bitters

and are soon made well and strong. Nearly every prescription given by physicians for such troubles contains IRON—which some people say they cannot take. Try Brown's Iron Bitters—it is warranted not to give headache, stain the teeth or cause constipation as allother Iron Medicines do.

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live het-ter than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting

in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect lax-ative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kid-neys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
